

Mosier Fire Log

December 2014

CALL SUMMARY

	<u>DEC</u>	<u>YTD</u>	<u>12/13</u>	<u>13 YTD</u>	<u>12/12</u>	<u>12 YTD</u>
MEDICAL:	0	45	4	51	3	48
FIRE:	1	35	2	35	2	20

Medical calls in December: **none**

This is the first time in many months we have not had a single medical call.

Fire / Rescue calls in December:

- **12/2: Injury motor vehicle crash**, Interstate 84 mile 71 eastbound. Multiple vehicles off the road in both directions due to ice. On scene in twelve minutes. No patients found on arrival.

Mosier responders were only called out once during recent crazy road conditions. Not to bang the same old drum, Interstate 84 is by far the most dangerous working environment for your fire fighters and EMT's. Anything to keep us off the freeway in the first place, and to keep us safer when we do work around moving vehicles and other roadway hazards. If you see fire fighters or fire trucks responding on the freeway – any freeway – please slow down and stay alert.
