Discussed format options for Chief performance eval. 3 examples were obtained from a web search and from that a template was developed. Goal was to have a single document that could be sent out to appropriate parties and also used by the Board and Chief. Joanne agreed to turn it into a word document to present to MFD Board for evaluation.

Goal is to send it out in March so that returned evaluations can be summarized and the Chief's eval will be completed by the anniversary of hire date in May.
